## LCS's CAMPAIGN

The mission of Lake Country Soccer (LCS) is to develop, promote and support the sport of soccer in Springfield and Southwest Missouri. LCS is a dynamic sport-specific driven 501(c)(3) nonprofit organization serving players ages 3 through adult. Within the soccer community, LCS develops athletic excellence, self-esteem, responsibility, and good sportsmanship through quality education, facilities, athletic programs, tournaments, leagues, and outreach.

Lake Country Soccer has entered a phased capital project to raise funds for facility improvements that will enhance its current offerings and meet growing needs. LCS strives to provide a premier soccer experience for Springfield and Southwest MO. As turf field complexes in competing markets have blossomed in the last decade, facility renovations are needed at Lake Country to bring their soccer complexes up to current competitive standards.

## WAYS TO GET INVOLVED

- **Be A Connector - Join the Campaign Steering Committee**
  - Help LCS connect with individuals, corporations, businesses, and foundations that have a vested interest in LCS's programs and can help the organization grow.
- **Make an investment in LCS**
  - Individuals can make tax-deductible contributions directly to LCS to support the organization's operations. We accept donations of cash or stock, foundation grants, or corporate gifts through your employer.
- **Host a cultivation event**
  - Are you passionate about LCS? Do you enjoy hosting events? Help us educate our community about LCS's goals for the future by hosting a cultivation event at your home. We will support you through the planning and execution process.
- **Recruit participants for Soccer-Thon (annually)**
  - Every Spring, LCS will host its Annual Soccer-Thon, a full day dedicated to celebrating the sport of soccer and the spirit of teamwork. Help us recruit players, volunteers, and sponsors to participate in the event. All event proceeds will support LCS's operations and/or a specific program that is in need.
- **Be an ambassador - help us promote LCS to the community!**
  - You can help LCS grow every day! Share your experiences at LCS with others. Invite your friends, neighbors, and colleagues to come watch a game or attend a training session at LCS so they too can benefit from the facilities.
